NEW BUSINESS

5. Old Town Cinema Parking Time Restrictions

Scott Wadle, City Manager Office, will present recommendation to change the number of parking with time restrictions of the Old Town Cinema Parking Garage. This proposal would reduce the number of three hour restricted parking spots from approximately 105 spaces to approximately 80 spaces.

On February 23, 2017, City of Wichita (City) staff met with stakeholders from the cinema area in Old Town, including property owners and tenants. The stakeholders shared a number of concerns related to the cinema area, including a need for additional time restricted parking on the first floor of the Cinema Garage. The

stakeholders expressed a desire for the additional time restricted parking in order to ensure the availability of convenient and accessible parking for customers and visitors.

During the weekend of May 13, 2017, City staff installed signs restricting the majority of the garage's first floor parking spaces to three hour parking during weekdays from 9am to 3pm. The following Monday morning multiple tickets were issued for vehicles in violation of the new posted restrictions. Stakeholders from the area contacted City staff and elected officials expressing displeasure.

On May 16, 2017, the City issued an online survey to collect input on two projects, including the installation of the three hour parking time limits in the garage. The survey was open through May 23, 2017 and received 22 responses. The majority of the responses from the survey expressed displeasure with the new time limits.

On May 18, 2017, the City hosted an open house event. The comments from the open house event were mixed about the new time limits.

Recommended Action: It is recommended that the District Advisory Board endorse the project and recommend that staff proceed with the modification to the posted time limits in the Old Town Cinema Garage.
